EDUCATION

Jan 2026 – Present
MCA (Pursuing)
Chandigarh University

2019
B.Sc. Information Technology
Kurukshetra University

FRONTEND

- HTML5, CSS3
- Angular, TypeScript
- JavaScript, RxJS
- Bootstrap

DATABASE

- SQL Server
- T-SQL, Stored Procedures
- Query Optimization
- Indexing & Perf. Tuning

TOOLS

- Visual Studio 2019/2022
- SSMS, Git
- Postman, Swagger
- Cursor, Claude, Replit

SOFT SKILLS

- Team Collaboration
- Problem Solving
- Communication
- Adaptability

ADDITIONAL

- **Languages:** Hindi, English
- **Availability:** Immediate
- **Relocation:** Open within India

Brijesh Jamloki

Full Stack .NET Developer

PROFILE SUMMARY

Full Stack .NET Developer with 4.5+ years of experience building scalable web applications and RESTful APIs using ASP.NET Core, C#, Angular, and SQL Server. Proven expertise in full-stack development, T-SQL performance optimization, and delivering high-quality, maintainable code. Adept at Agile development, code reviews, and delivering scalable, high-performance solutions.

BACKEND SKILLS

Languages: C#, ASP.NET MVC, ASP.NET Core, Web API
Frameworks: Entity Framework, LINQ, OOP, SOLID Principles, Design Patterns
Architecture: RESTful Services, MVC Architecture
Runtime: .NET Core 6, 7, 8 • .NET Framework

PRACTICES

Agile/Scrum • REST API Design • Code Reviews • Unit Testing • SDLC

EXPERIENCE — 4.5+ YEARS

Bytecode Technologies Pvt Ltd | Full Stack .NET Developer

Mohali • Jul 2022 – Present

- Built and maintained .NET Facilities — a service management system with Web, Mobile, and Web API modules for contractor and job-site operations using ASP.NET MVC, jQuery, and relational database management.
- Designed and improved RESTful APIs using ASP.NET Core Web API, following SOLID principles and MVC architecture to support scalable and reliable backend communication.
- Improved performance by writing efficient T-SQL queries, stored procedures, and indexing strategies — reducing average query execution time by ~35% in key modules.

Key Projects

- **Metasonic:** Developed and enhanced frontend features using Angular and .NET Core, integrating REST APIs and implementing reusable components.
- **Global Track:** Built MVP with real-time location-based tracking, developed dashboard components and improved responsive design for cross-device usability.
- **Linixio:** Upgraded application to the latest Angular version, resolved UI bugs, and enhanced interface consistency and user experience.

Stellar Data Solutions Pvt. Ltd | .NET Developer Trainee

Chandigarh • Jul 2021 – Jun 2022

- Developed and maintained Campus Live ERP using ASP.NET WebForms, C#, jQuery, and SQL Server — building dynamic UI components and enhancing overall usability.
- Designed and optimized stored procedures, views, and complex T-SQL queries for efficient data processing and improved application performance.
- Contributed to core ERP modules, bug fixing, unit testing, and ongoing maintenance — ensuring system stability and smooth business operations.
